Hope in Flight

Avery Graphics (Hamilton, OH) has donated 6,000 linear feet of vinyl to Portraits of Hope (Los Angeles), a nonprofit organization benefiting hospitalized children. Portraits of Hope visited children's hospitals around the country and asked the children to paint large flowers onto the vinyl. The painted vinyl was then applied to a 1940s-era Douglas DC-3 airplane, which participated in a 100-plane flyover commemorating the 100th anniversary of the Wright Brothers' first flight. Motorsports Designs' Decal Application Services (High Point, NC) installed the graphics.
