## Soaring Dreams Airship

*Blimp is world's largest  
public art display*

Marcus R. Donner/Journal photos

**K**ids from the Kirkland Boys and Girls Club science and technology camp race to the Ameriquest Soaring Dreams Airship at Everett's Paine Field. At 205 feet long and 65 feet high, the blimp is the world's largest airborne public art display. Thousands of children used 450 gallons of paint to decorate the 40,000-square-foot canvas. The airship is scheduled to be in the skies above Puget

Sound through Aug. 6, including over Auburn this Saturday and Sunday for drag races, Bellevue on July 31 for the Bellevue Arts Museum arts and crafts fair weekend and Seafair from Aug. 3-6.

Right, Amber Rogers from the Kirkland Boys and Girls Club science and technology camp looks out the co-pilot's window of the Soaring Dreams Airship at Paine Field. For more information go to [www.soaringdreams.org](http://www.soaringdreams.org).
